Enrollment Good News

Our University-wide enrollment this morning is down 7.4% for headcount and 7.6% for FTE.

The UT Administration has budgeted for an FTE enrollment decline of 7.4% (about \$14 million). With a week to go, these figures are likely to improve.

A few weeks ago, the projected enrollment decline was over 16% for both headcount and FTE. The improvement in enrollment is very good news.

Thank you to the faculty and staff who have actively contributed to the improvement of our enrollment.

Dependent Tuition Waiver Reminder

Just a reminder to faculty that dependent tuition waivers must be submitted by Friday, August, 14, 2020. We are told that many last-minute waivers are expected this week and the system may become "clogged". If you encounter a problem with a dependent tuition waiver, please contact Don Wedding or Cyrus Hagigat of the UT-AAUP at staff.utaup@gmail.com
