

Domestic Partner Benefits Newsletter

The UT-AAUP has a petition on-line at <https://www.change.org/p/the-university-of-toledo-restore-domestic-partner-benefits-at-university-of-toledo>

The petition reads as follows:

Whereas this petition is sponsored by the UT-AAUP (faculty union), Executive Board at the University of Toledo;

Given that the accessibility of equal benefit rights for domestic partners is a continuing concern for the global community, including universities around the country;

We, the undersigned members of the University of Toledo Community urge the University of Toledo Postel Administration to restore Domestic Partner Benefits for employees at The University of Toledo, effective January 1, 2022.

Please support our petition and please forward this newsletter to your colleagues across campus.

We are covering the Chairs and other administrators. We are also covering the PSA, CWA, and AFSCME leadership for them to distribute to their members.

UT-AAUP Executive Board
